

## MEDIA RELEASE

12 September 2006

### **Caravanners, campers and outdoor enthusiasts take note**

For three days only, all the latest caravans, motorhomes, camper trailers and camping equipment will be on display at the RV & Camping Leisurefest, on at Sandown Racecourse from Friday 6 to Sunday 8 October.

Leisurefest is a must-see for anyone planning a holiday whether it's a short camping trip, a few weeks by the river, or the 'big lap' of Australia.

"Leisurefest offers a rare opportunity to view all the latest caravanning and outdoor products in the one place," said Show Organiser Peter Wright. "Our industry is so popular today, and with manufacturing and development at an all-time high there'll be heaps of new products to explore."

This year's Leisurefest is fifteen per cent bigger with over 350 of the latest caravans, motorhomes, campervans, tent trailers, pop-tops, off-road campers and 4 x 4s. Plus there's a great collection of tents, camping equipment, accessories and clothing, and off-road equipment, parts and accessories.

According to Mr Wright, there has been significant growth in the twin-axle caravan market with many Australians looking for that extra bit of comfort when on they're on the road. "We're seeing great demand for caravans with all the mod cons including ensuites, DVD players and stainless steel kitchens. In fact people are often surprised by what they find inside today's caravans!"

Organisers also expect campers and tent trailers to be very popular, with growing demand by the more adventurous travellers driving record sales. "We've got some serious 4 x 4 parts and accessories and alternative power technology on display that will excite any off road enthusiast," notes Mr Wright. "Roughing it just isn't what it used to be."

Mr Wright noted that visitors will find great bargains at Leisurefest over the three days.

RV & Camping Leisurefest is on at Sandown Racecourse from 10 am to 5 pm, Friday 6 to Sunday 8 October. Visit [www.leisurefest.com.au](http://www.leisurefest.com.au) for more information.
